

Caring for Military Families

Are you a parent, spouse, or significant other of a service member or veteran who served after October 2001? We would like to talk to you about your health and well-being.

Purpose: Conduct a longitudinal study requested by Congress to examine military family health care needs. Participate in online surveys from the comfort of your own home.

Benefits: Contribute to knowledge that could improve the health care provided to military families.

Time Commitment:
About one to two hours
each year for up to 15 years.

Principal Investigator:
Dr. Louis French, National
Intrepid Center of Excellence

You may receive payment for your participation.

If you or someone you know might be interested in joining the study, please call **855.821.1469**.
